Sunpal 100kW/215kWh outdoor battery storage system offers reliable solar backup, peak shaving, and EV charging support with smart BMS and remote control.

Expand capacity effortlessly by connecting multiple units, making it adaptable to scenarios ranging from power generation to user-side needs. Experience the future of energy storage with exceptional ...

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration. With robust ...

It is specifically designed to store and manage energy in an outdoor environment. This system is equipped with various components, including a high-voltage energy storage inverter, a high-voltage ...

With intelligent air cooling, IP55 protection level, and optional WiFi/GPRS remote monitoring, you can rely on this system for optimal performance and safety. Stay ahead of the curve with our energy ...

The Symtech Solar Battery Energy Storage Cabinet (MEG 100kW x 215kWh) is a fully integrated, PV-ready hybrid energy storage solution designed for both on-grid and off-grid applications.

Power Distribution Systems: Various high-performance distribution boxes, distribution cabinets, and switchgear, meeting the needs at all levels from end users to main distribution rooms.

Our all-in-one outdoor cabinet (50-100kWh) features an IP55 design, LFP cells, and easy expansion for C& I applications.

It is suitable for microgrid scenarios such as small-scale commercial and industrial energy storage, photovoltaic diesel storage, and photovoltaic storage and charging.

100kW Photovoltaic IP55 Outdoor Cabinet for Power Station

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs. Designed with IP55 protection, transformer isolation, and real-time monitoring for enhanced ...
