How much money does the US spend on Afghanistan & Iraq?

Estimated amount of direct Afghanistan and Iraq war costs that the United States has debt-financed as of 2020: \$2 trillion. Estimated interest costs by 2050: Up to \$6.5 trillion. THE WARS END. THE COSTS DON'T:

How many people need humanitarian assistance in Afghanistan?

THE HUMANITARIAN SITUATION IN AFGHANISTAN Almost four years since the Taliban takeover of Kabul, more than half the population - 22.9 million people, including 5.7 million women, 12 million children, 0.5 million older people and 3 million people with disability, require humanitarian assistance.

How much money do Afghanistan soldiers make a year?

If we analyze the economic boost that the soldiers have brought to Afghanistan, we may estimate that, on average, the cost of one soldier is roughly \$1.55 million a year, which equates to \$195 billion in revenue for both parties (the international community and Afghanistan) from 2010-2012.

How did Afghanistan's economy perform in FY2024?

The economy showed signs of recovery with growth at 2.3% in FY2024, following 3 consecutive years of economic contraction (Figure 2.14.1). Growth came mainly from a 6.8% rise in private consumption, reflecting higher remittances from the Afghan diaspora and international humanitarian support.

Cost estimates for each cluster are tailored to their specific activities and needs. Costing is primarily based on activity-level unit costs consolidated through Humanitarian Programme Cycle (HPC) tools. ...

It is twelve months since the tumultuous takeover of Afghanistan which sadly led to the end, at least for now, of efforts by CoST Afghanistan to open up infrastructure investment to greater transparency, ...
