Who are the top solar panel manufacturers in China?

1. Top Solar Panel Manufacturers in China (2026) ranked by module shipments Q1 2025 1.1. JinkoSolar Holding Co.,Ltd.JinkoSolar is one of the largest solar panels manufacturer in China and is known to build a vertically integrated solar PV module chain with 12 global production facilities and 22 overseas subsidiaries in various countries.

Does China make solar panels?

China has invested over USD 50 billion in new PV supply capacity - ten times more than Europe - and created more than 300 000 manufacturing jobs across the solar PV value chain since 2011. Today, China's share in all the manufacturing stages of solar panels (such as polysilicon, ingots, wafers, cells and modules) exceeds 80%.

Why are solar panels important in China?

Solar panel manufacturers in China continue to play an important role in boosting the country's solar energy generation. In 2024,China accounted for about 57% of new global solar and wind additions,which is double the amount of renewable energy generated compared to regions like the US,Europe,and India.

What are China's solar PV exports?

In 2021,the value of China's solar PV exports was over USD 30 billion,almost 7% of China's trade surplus over the last five years. In addition,Chinese investments in Malaysia and Viet Nam also made these countries major exporters of PV products,accounting for around 10% and 5% respectively of their trade surpluses since 2017.

GCL System Integration Technology Co., Ltd. (002506. SZ) strives to be the world's leading integrator of comprehensive energy systems. The company closely follows the new stage of development in the ...

Sinovoltaics unveils the 2025 Europe Solar Supply Chain Map, revealing new manufacturers and widespread factory closures. Discover how transparency and verified production ...

Industry leaders from China and Europe met in Düsseldorf for the China-EU Solar & Energy Storage Industries Dialogue 2025, launching a bilateral storage cooperation platform and ...

Global solar PV manufacturing capacity has increasingly moved from Europe, Japan and the United States to China over the last decade. China has invested over USD 50 billion in new PV ...

Discover the leading Building Integrated Photovoltaic (BIPV) manufacturers of 2026. This comprehensive guide explores the top 10 global companies--such as First Solar, Onyx Solar, and ...

Check out the top solar panel manufacturers in China, such as JinkosSolar, LONGI, Trina Solar, Astronergy, and more.

Comprehensive 2026 guide to the top 20 Chinese solar inverter manufacturers and suppliers, including Huawei Solar, Solis, LONGi, Growatt, Anern, Solax Power and more. Find ...
