---

Explore the leading photovoltaic equipment manufacturing companies, including Suntech and Adani Solar, driving the solar energy market forward.

We guarantee tailored consultation for any questions involving the making, enhancement, installation and certification of photovoltaic modules. Our extensive experience in design, assistance ...

For high-performance projects requiring maximum efficiency, SunPower and Q CELLS stand out. Developers focused on sustainability and innovation might lean toward REC Group or ...

To improve production efficiency, our Solar/PV modules production line is equipped with intelligent MES and defects detection systems: EL-VI, Hi-Pot, IV, Calibration, and other testers. Equipment is made ...

As a leading supplier of innovative power systems and sensors for solar PV manufacturing, Advanced Energy delivers technology that can increase productivity and reduce costs.

Definition of high adjective in Oxford Advanced American Dictionary. Meaning, pronunciation, picture, example sentences, grammar, usage notes, synonyms and more.

To provide more efficient solutions and high-end boutique equipment with fully independent intellectual property rights for customers of PERC batteries, TOPCon batteries, BC batteries and components, ...

Explore BATTLINK's advanced photovoltaic equipment for efficient solar energy generation. Our high-performance solutions integrate seamlessly into energy systems for reliable and sustainable power.

High (adjective, informal): Intoxicated by drugs or alcohol. The word "high" is a versatile term with multiple meanings and applications, spanning physical elevation, emotional states, and ...

Targray is a leading international solar equipment supplier present in over 50 countries. Our portfolio of wholesale PV materials and equipment includes PV modules, solar cells, c-Si cell manufacturing ...

The field of production machines for manufacturing solar cells and photovoltaic modules ranges from machines for the cell coating process (e.g. PECVD), to high-speed machines for ...

It's two and a half metres high and one metre wide. The corn grew waist-high (= as high as a person's waist) in the fields. high The garden is surrounded by a high wall. tall Mount Everest is the world's ...

**HIGH** definition: having a great or considerable extent or reach upward or vertically; lofty; tall. See examples of high used in a sentence.

Discover 6 key factors to choose the right equipment for your photovoltaic production line and improve quality, efficiency, and OPEX.

Someone who is high in a particular profession or society, or has a high position, has a very important position and has great authority and influence. Every single one of the arms companies is controlled ...

high implies marked extension upward and is applied chiefly to things which rise from a base or foundation or are placed at a conspicuous height above a lower level.
