Can you rent a solar system?

Brace yourself for the solar system rental proposition - the hippest way to rock the sun's energy without breaking the bank. It's like renting a solar superhero for your home! Here's the deal: instead of buying your home's entire solar system setup, you can rent it!

What is a rent-to-own Solar System?

You pay a monthly fee to use the solar system, enjoy immediate savings, and leave any maintenance to the experts. On the other hand, rent-to-own solar is the superhero's apprentice program. You make monthly payments, just like renting, but with the option to eventually own the system outright.

Where is Alex solar energy factory located?

Our factory is located only 50km away from Pudong International Airport (PVG) and is adjacent to A4 and A30 freeways. Shanghai Alex Solar Energy Science and Technology Co., Ltd. Got the certifications of ISO9001: 2000 quality management system and ISO14001 environment management system.

Do you need a solar rental agreement?

With a rental agreement, you can curb those hefty upfront costs and start saving from day one. Say goodbye to expensive installation fees and hello to affordable monthly solar prices that fit your budget like a custom-made suit.
