Are solar panels free?

When companies advertise "free solar panels" or "no-cost solar programs," they're often referring to solar leases or solar PPAs. Under these solar financing arrangements, a solar company will put a solar panel system on your roof at no up-front cost for installation, enrollment, or maintenance. This sounds great.

Does the Department of energy offer free solar panels?

The Department of Energy and the Solar Energy Technologies Office have got you covered! The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested.

Should you sign up for free solar panels?

Unsolicited leads from door-to-door salespeople: If a salesperson knocks on your door offering free solar panels, don't sign up for anything until you carefully research the company and its products. High upfront costs and hidden fees: Avoid signing a contract for "free" solar panel systems if a high upfront cost is still involved.

Do you have to pay for solar panels?

Expect to pay for them later on. Companies offering "free" solar panels may require you to sign a solar panel lease or power purchase agreement (PPA). Tax credits and other incentives can reduce the upfront costs of going solar without committing you to unfavorable terms -- just make sure they're legitimate.

Learn why solar panels aren't truly free, how financing options make them affordable, and how homeowners can maximize federal and state solar tax credits.

There's no such thing as free solar panels or free government solar programs. Most "free" offers are actually leases, power purchase agreements, loans or scams.

If you've shopped around for a solar panel system, you've probably heard a claim for "free solar panels". But are they really free?

How to avoid burning a hole in your pocketbook and protect yourself from consumer scams about free solar panels.
