This manual elaborates on installation and safety use information for PV power generating modules (hereinafter referred to as module) of LONGi Solar Technology Co., Ltd. (hereinafter ...

LONGi provides you with the most comprehensive product data information so that you can quickly understand LONGi's full range of products.

LONGi is more than a product supplier, offering project consultation, design, installation, procurement, commissioning, operation and maintenance, and financing expertise.

It covers various topics including laws and regulations, general information, mechanical and electrical installation, and maintenance procedures. The manual also highlights the importance of adhering to safety ...

This manual elaborates on installation and safety use information for PV power generating modules (hereinafter referred to as module) of LONGi Solar Technology Co., Ltd. (hereinafter referred to as LONGi). Please abide ...

The following methods describe achievable loads to LONGi photovoltaic modules by methods. Pressure (+) indicate push/snow loads while negative pressure (-) indicate pull/wind loads.

The application level of LONGi Solar module is Class II, which can be used in systems operating at > 50 V DC or > 240 W. where general contact access is anticipated;

This unique solar panel mounting system has undergone rigorous testing by accredited facilities and earned the most stringent certifications from the state of Florida for use in High Velocity Hurricane Zones.
