Who is New Zealand solar power?

New Zealand Solar Power is a NZ owned and operated company that provides solar power solutions to Kiwi homes and businesses. Our approach is simple: Determine whether solar is right for our clients and design a tailored solar power solution to meet their needs. 2025 © New Zealand Solar Power Ltd |All rights reserved. New Zealand Solar Power Ltd.

Are solar power systems a good investment in New Zealand?

We discuss our clients' requirements and provide a detailed Energy Management Solution to meet their needs. Solar power systems are a fantastic investment, wherever you are in New Zealand. For a start, your electricity bills will reduce, plus you will be protected from fluctuations in electricity prices.

Why should you choose a solar panel in NZ?

Multiple layers of protective coatings, robust glass, and precision lamination ensure minimal power loss over the panel's lifetime--vital for NZ's varied weather and UV exposure. High-efficiency modules suitable for smaller rooftop arrays and mid-sized installations deliver space-saving benefits while maintaining strong output.

It is a leading manufacturer of solar photovoltaic modules, provider of solar energy and battery energy storage solutions, and developer of utility-scale solar power and battery energy storage projects.
