The ECOTAPE A is a fully automatic inline edge taping machine designed specifically for solar panels. It automates the application of tape along the edges, effectively replacing the traditional silicone dispensing ...

Horad New Energy is a reputable manufacturer and supplier based in China, ...

We are here to help you answer any questions about the photovoltaic manufacturing process and make sure you feel safe and informed when working with our production lines. Our machines are all connected to Argus ...

Horad New Energy is a reputable manufacturer and supplier based in China, offering a wide range of 300MW Automatic Edge Taping Machine products. With our advanced production facilities and stringent quality ...

Enables automatic taping between battery strings to prevent displacement, balancing flexibility and stability. Supports various module sizes with quick changeover. Intelligent control of tape position and pressure ...

Auto Tape Pasting Machine|Radiant Pv Solar Description:paste tape for solar stringers automatically Annual capacity:100-50mw/year Applicable module size:1640-2400*992-1400mm Power:15Kw Compressed ...

The automatic adhesive tape between the cell strings is realized. When the number of adhesive tapes is pasted, the speed fast, replacing the manual labor greatly and improves the working efficiency, and the adhesive ...

The company team has been deeply involved in the photovoltaic industry for more than ten years and has a complete production base and sales service network.

The company boasts advanced production equipment and a professional technical team. Its main products include high-efficiency solar street lights, solar water pumps, integrated home solar systems, high ...

Photovoltaic panel automatic tape machine manufacturer

Shuofeng provides Auto String Taping Machines for solar panel production lines, ensuring precise and efficient taping of PV strings. Their machinery enhances automation, reduces labor costs, and improves production ...

Enables automatic taping between battery strings to prevent ...

If you are looking for complete solar turnkey lines for photovoltaic module manufacturing, Horad will be your reliable PV solar panel line supplier. An automatic string taping machine is used to automatically attach tape ...
