Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises -- JinkoSolar, LONGi, Trina Solar and JA Solar -- collectively shipping over 320GW and dominating the industry.

Why is the solar photovoltaic (PV) module market growing?

Since 2021, the solar photovoltaic (PV) modules market has experienced explosive growth, driven predominantly by the aggressive expansion of Chinese manufacturers, who maintain their dominance of global shipments.

What is the market share of solar panels?

As of total market share based on PV modules shipments, Jinko Solar leads with 13%, followed by Longi, Trina solar, and JA Solar, each with around 11%. The next tier includes TW solar (7%), Astronergy (6%), Canadian solar (5%), GCL and Risen Solar (4%), and DAS Solar (3%).

Which country produces the most solar panels in the world?

The Asian industry continues to dominate the global ranking of solar panel manufacturers. Chinese companies hold eight of the top ten spots, including the entire podium. Who are the top 10 photovoltaic module producers in the world?

A massive gap exists between the annual production capacity exceeding 1000 GW and global market demand (estimated global new installations in 2025 at approximately 500-600 GW). ...

Core Data Insights The photovoltaic module industry is currently in a period of deep adjustment. Overall, the Matthew effect of "the strong getting stronger" is intensifying, while the entire ...

The company's gross profit margin for power batteries in 2023 will be 14.37%, a year-on-year increase of -1.59 pct, and the gross profit margin of energy storage batteries will ...

PVTIME - On 10 June 2025, the PVBL 2025 Global Top 100 Solar Brands rankings and the PVBL 2025

Photovoltaic panel industry profit margin ranking

Global Solar Brand Influence Report were unveiled at the 10th Century Photovoltaic Conference in ...

Longi Green Energy Technology Co, the world's biggest PV panel maker, saw its first half net profit increase 41.6 percent year-on-year to 64.65 billion yuan, which it attributed to a wider gross ...

Since 2021, the solar photovoltaic (PV) modules market has experienced explosive growth, driven predominantly by the aggressive expansion of Chinese manufacturers, who maintain ...

The world's top 10 solar photovoltaic (PV) module manufacturers shipped a record 500 gigawatts (GW) of modules in 2024, nearly doubling the previous year's volume, according to Wood ...

Global photovoltaic industry, 2024 ranking Who are the top 10 photovoltaic module producers in the world? Each year, Wood Mackenzie answers this question with an analysis of the ...

As solar energy adoption accelerates globally, understanding the key players in photovoltaic panel manufacturing becomes crucial. This guide ranks top manufacturers, analyzes market trends, and ...

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the ...
