Industrial-grade 500kW solar + storage solution with 1104kWh high-voltage lithium battery, 720W bifacial Topcon modules, ATS switching, and intelligent EMS control. Ideal for factories, microgrids, and data centers.

Discover 500kW battery systems for industrial energy storage, featuring lithium-ion and LiFePO₄ technology, ideal for solar and backup power.

Discover our 500kW solar energy storage system featuring high-efficiency solar panels, smart inverters, Grade A LiFePO₄ batteries with 8000 cycles and 10-year design life, reliable BMS, liquid cooling, and full safety ...

We guarantee best pricing for complete 500kW 500V 1000Ah stand-alone energy storage bank. Order at Energetech Solar.

We are professional manufacturer of solar systems, providing complete solar programs of off-grid, on-grid/grid-tie and hybrid power storage systems for partners around the world.

Pricing a 500kW container energy storage system isn't just about today's numbers. It's about software updates, incentive deadlines, and whether your supplier actually answers emails.

Compare price and performance of the Top Brands to find the best 500 kW solar system. Buy the lowest cost 500 kW solar kit priced from \$1.05 per watt with the latest, most powerful solar panels, inverters and mounting.

Each BESS container has either a 300kW or 500kW PCS system offering a complete, install ready energy storage system. All system systems are offered with either 400VAC or 480VAC 3 phase interconnect voltages.

Price of a 500kW Solar Energy Storage Unit

How much does a 500kW solar power plant cost? 500kW solar power system costs US\$461,256. (valid for 30 days). Note: The output voltage designed for the 500kW PCS on this page is three-phase 380v-415v.

PVMars lists the costs of 250kW, 300kW, 500kW solar plants here (Gel battery design). If you want the price of a lithium battery design, please click on the product page of the corresponding model to find out.
