Explore SolaraBox's solar container product lineup--modular, scalable, high-efficiency systems. Download specs, compare models, request quote.

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this ...

Discover the world's leading foldable solar container with 40% higher energy density. Solarfold(TM) by Sunmaygo offers quick deployment & 70% lower costs than diesel. Get your free quote today!

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

This setup lets you bring solar power anywhere you need it. You can use a solar energy container at faraway work sites, outdoor events, or for mobile businesses.
