Beware of solar companies engaging in deceptive practices, including the submittal of falsified contracts. Some unethical sales representatives may lead customers to believe they are receiving an estimate for solar, only ...

Learn how to spot solar panel fraud, avoid predatory contracts, and take action if you've been scammed, with guidance from Prevost Law Firm.

These scams start with an unexpected phone call, message on social, or even an in-person visit. The so-called official offers you an "energy audit" to reduce your utility costs. Or they might try to sign you up for a "free" ...

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll cost to get and install ...

As solar grows in popularity, more scammers are targeting consumers. Here are three common solar scams to look out for, how to avoid them and how to report solar scams.

Key takeaways Beware of misleading social media ads and sales pitches promising "free" solar, guaranteed savings, or special government payouts--these are major red flags. Compare quotes from ...

Fraudulent solar contracts are not just financial scams but also a direct violation of identity theft laws. When a scammer forges a signature or submits unauthorized applications in a consumer's name, they commit ...

No information about the cost to remove or transfer solar panels, which could lead you to believe you have future options that might not be available or affordable

"Honest businesses will tell you exactly how much it'll cost to get and install solar panels. If you've been approached by someone offering to install solar panels at no cost or promising you'll never have ...

Solar Power Contract Scam

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...
